Executive Profile

Product Marketing Manager with 5+ years of experience driving product growth, commercialization, sourcing, pricing, and brand development across physical product portfolios. Delivered 127% YoY sales growth, launched 17 products contributing approximately 30% of company sales, expanded retail distribution to 50+ stores, and managed ₱300M+ annual importation and sourcing budgets.

Career Highlights

- Delivered 127% YoY Net Sales Growth (2025 vs. 2024) through data-driven product, pricing, sourcing, and commercial strategies.
- Launched 17 products contributing approximately 30% of total company sales.
- Built and commercialized Decocity from brand strategy and product portfolio development through sourcing, pricing, go-to-market, and nationwide retail expansion.
- Managed 512 SKUs and developed approximately 4 new product lines annually across multiple product categories.
- Achieved approximately ₱100M in supplier cost savings through international supplier negotiations and commercial optimization.
- Managed ₱300M+ annual importation/sourcing budget, 400,000 kg annual import volume, and relationships with 8 strategic international suppliers while supporting expansion to 50+ stores.

Professional Experience

Product Marketing Manager

February 2021 – Present

POLYLITE INDUSTRIAL CORPORATION

Own the end-to-end product lifecycle across market research, product development, sourcing, commercialization, pricing, sales growth, and brand management.

Directly manage a Marketing Associate, Multimedia Designer, and Assistant Manager, while providing indirect marketing and commercial direction to 100+ Sales Executives across Decocity's nationwide retail network.

- Led the creation and commercialization of **Decocity**, covering product research, portfolio development, supplier sourcing, pricing, branding, go-to-market strategy, and retail rollout.

- Manage product development from market opportunity identification and competitive analysis through specifications, costing, supplier coordination, launch, and lifecycle management.
- Develop pricing, positioning, promotional, and commercial strategies aligned with revenue and margin objectives.
- Lead sourcing and supplier negotiations, including product specifications, pricing, commercial terms, and supply continuity.
- Partner with Sales and Supply Chain on demand planning, inventory availability, sales forecasting, product launches, and sales enablement.
- Lead product launches, showroom merchandising, construction exhibits, marketing campaigns, product presentations, and sales briefings.
- Monitor customer trends, competitor activities, product performance, inventory movement, and emerging market opportunities to guide portfolio decisions.
- Prepare executive-level sales, importation, and business performance reports to support strategic planning.
- Support importation, documentation, audit, and commercial compliance activities.

Credit and Collection Staff
FIRST METRO GAS INC.

June 2018 – February 2021

- Managed accounts receivable, customer collections, and client relationships.
- Processed sales transactions and financial records using SAP S/4HANA.
- Improved collection efficiency through delinquency monitoring, payment follow-ups, and coordination with Finance and Sales teams.
